When YOU Play, the Kids Get to Play...Do it F^{ORE} the Kids!

Please know that *one hundred percent* of the money raised at this tournament is used to fund recreational experiences for deserving kids in the community. The all-volunteer Foundation raises money annually so that no child is prevented from playing the sport they dream of playing due to the family's tough financial circumstances. Since 1992, the Foundation has raised more than \$1 million that was used to fund individual grants for sports activities and summer camps for kids. It has also funded the "Be-A-Fish" Learn-to-Swim program which has provided confidence and the life-saving skill of swimming to more than 12,000 local kids! This tournament is the biggest fundraiser of the year for the Foundation and a signature event in the community. A sponsorship at any level is greatly appreciated!

Special thanks to last year's key sponsors: Stifel Nicolaus Financial, Adolfson & Peterson Construction, Ciancio's, DAO Architecture, O'Meara Ford and Pepsi, who all helped make it a fantastic, sell-out tournament!
